

We have partnered with Ipan Ipan to offer you the On Top Wireless Charging Pack. Easy to install and even easier to use, this product will allow you to add wireless charging to your tabletops without the need for the charger to be attached to the mains. Simply detach the battery using our magnetic key, charge over night in our charging tray which has space for 4 batteries, and your charger is ready to go.

## The Line Up

The Antenna

Power Bank

Table Dock (shown with Power Bank)

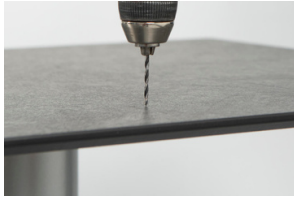

Magnetic Key and Charging Tray

## The Antenna

Only 2mm thick

Drill a hole - minimum 3mm - we recommend 80mm from the edge

Remove cover from sticky backing and feed wire through hole
